

Become a Partner on the **VoEx Marketplace of Ideas**

1 Purpose

VoEx is dedicated to improving the human condition through the promotion of individual liberty and free markets. We've created an interactive gathering place that provides the blockchain-based incentive tools for nonprofit institutions to build community, deepen relationships with their supporters, and monetize their intellectual property.

2 Vision

The VoEx marketplace will lay the foundation for an ecosystem of stakeholders who are focused on a common purpose and a shared desire for outcome.

3 Discovery

Our movement's content creators of think tanks, educational institutions, and public policy groups compete in a crowded field which often leaves valuable assets underutilized.

4 Solution

Incentives matter.

VoEx partner organizations can offer reward tokens, achievement badges, and digital collectibles as incentives to engage their networks.

Spontaneous Order.

The community will evolve through a bottoms-up approach where participants are encouraged to shape their own plans.

How It Works VoEx Partners

Prospective Partner Form
Our curation board, made up of leaders in the liberty movement, will review your information.

Speak with Our Team
We will schedule a time to talk about your vision and the scope of your projects.

Onboarding
We'll provide the tech infrastructure, service and training to build your network.
